

Your Contribution Makes A Difference

Lupus is a chronic, inflammatory, autoimmune disease. For unknown reasons, the immune system loses its way. Instead of protecting the body, it attacks healthy tissues and organs. No major new treatments have been approved in the last 51 years, and existing medications are toxic with debilitating effects.

An estimated 2 million Americans have been diagnosed with Lupus, making it more common than leukemia, sickle cell anemia, cystic fibrosis, cerebral palsy, and multiple sclerosis **combined**.

The Lupus Foundation of Pennsylvania is dedicated to promoting awareness, education, service and research for the 66,000 Pennsylvanians affected by the disease. The Foundation serves as a source of hope for Lupus patients, their families and the medical community.

Funds raised through the Lupus Loop will:

- Provide current information on Lupus to the general public
- Help to educate healthcare professionals on all aspects of Lupus
- Create programs to support Lupus patients

Official registration financial information of the Lupus Foundation may be obtained from the PA Department of State by calling 1-800-732-0999. Registration does not imply endorsement.

Contact your local branch in Hershey for:

- Support groups for Lupus patients in Carlisle, Chambersburg, Danville, Hanover, Harrisburg, Lebanon, Sunbury and York.
- Free information packet mailed to anyone interested in learning more about Lupus.
- Educational programs with presentations by specialists in Lupus.
- Physician referral – list of doctors with expertise in Lupus.
